

## Furrion Chill® Cube Variable Speed RV Rooftop Air Conditioner - 18K BTU

Get more out of the air conditioner in your campervan. The Furrion Chill Cube is the only rooftop RV air conditioner capable of delivering over one ton of cooling in temperatures over 105°F with 30% less power required. That's starting to feel like home!

### FEATURES

- Optimal for all climate conditions
- Variable speed compressors sense climate conditions to maximize cooling performance
- High energy efficiency ratio (EER) delivers more BTUs per unit of power
- Low-profile air distribution box with a motorized vent for even airflow
- Continuous operation for higher efficiency and better dehumidification
- Turbo cool mode helps RV cool down faster than standard modes
- Battery saver mode economizes power consumption
- 50% more efficient than traditional ACs
- Quiet operation
- 2000W generator or inverter ready
- Easy to install
- Available in black or white color options

### MODELS

- Chill Cube Variable Speed RV Rooftop Air Conditioner - 18K BTU- Black, Model # **2023010865**
- Chill Cube Variable Speed RV Rooftop Air Conditioner - 18K BTU-White, Model # **2023010866**

### Superior performance

The Furrion Chill Cube HE RV rooftop air conditioner has variable speed compressors to help move cool air faster and more efficiently inside your RV. It easily provides over one ton of cooling power that is ideal for campervans

### High capacity & efficiency

This camper AC unit has a 50% higher cooling capacity and is 50% more energy efficient compared to typical RV ACs, giving you more battery runtime during your off-grid adventures

### Quiet operation

The variable speed compressors allow this RV air conditioner to constantly run, eliminating the abrupt starts, stops and excessive amp draw that standard RV ACs have

### Compact design

At 69 lbs., this RV AC unit features a lightweight, aerodynamic rooftop design to reduce drag and wind resistance. This improves overall RV performance, gas mileage and driving conditions while leaving room for solar panels and pop tops

Part #	Model #	Description	Weight	Width	Height	Depth
2023010865	FACR18VS-SA-BL	Furrion Chill Cube Variable Speed RV Rooftop AC - 18K BTU, Black	72.4 lbs.	29.5"	14.5"	29"
2023010866	FACR18VS-SA-PS	Furrion Chill Cube Variable Speed RV Rooftop AC - 18K BTU, White	72.4 lbs.	29.5"	14.5"	29"
